10+ Years of Experience

ZaneRay Group – Senior UI Developer / Feb 2021 – Present

- Drove technical direction as Lead UI Developer for complex, high-traffic e-commerce web applications, including Vue.js, Nuxt.js and Shopify implementations, optimizing user experience and driving business performance.
- Spearheaded the Borealis design system implementation, establishing a unified design language and component library across Vue.js, React, and Shopify applications to streamline development and enhance product quality.
- Modernized the agency's core headless project, migrating and refactoring its component library from Vue 2/Nuxt 2 to Vue 3/Nuxt 3 to significantly boost development efficiency, code quality, performance, and maintainability.
- Provided technical leadership in cross-functional collaborations with Design, Project Management, and backend engineers, defining stringent UX, accessibility, timeline, budget, and quality standards.
- Mentored junior and mid-level developers through comprehensive code reviews and pair programming, fostering a culture of best practices and continuous improvement for efficient and scalable development.

Ideabar – Senior Web Developer / Dec 2017 – Feb 2021

- Led the development team, overseeing project planning, estimating, execution, and successful delivery of custom web solutions.
- Built bespoke WordPress and Shopify websites using PHP, HTML, CSS, and JavaScript, tailored to client needs.

OGK Creative – Lead Developer / Mar 2017 – Dec 2017

- Served as Technical Lead, managing and guiding a global development team in the design and build of custom WordPress websites built using PHP, HTML, CSS, jQuery and JavaScript.

The Martin Group – Web Developer / Jul 2015 – Mar 2017

- Developed custom-tailored WordPress websites and themes using PHP, JavaScript, and jQuery, collaborating closely with designers and other developers. Contributed to UI/UX design and strategy.

Manzella Marketing Group – Interactive Designer + Developer / Jun 2014 – Jul 2015

- Managed the full development lifecycle for WordPress and Drupal websites, from initial design to production.

Education

SUNY University at Buffalo, May 2014 / BFA, Graphic Design, 3.75 GPA
